

APPROVAL STUDIO EXTENSION GUIDE

Approval Studio extension allows uploading graphic files from Adobe Illustrator and Adobe Photoshop directly to Approval Studio.

User Guide:

- Download and Install Approval Studio extension.
- Open your asset in Adobe Photoshop or Adobe Illustrator.
- Navigate to the Approval Studio extension and log in with your credentials.
- Choose or create a new project to which you would like to upload your asset.
- After the asset is uploaded, you can click on the Project ID (for example, #7BC41B) for more information.
- In the Asset section, you can directly upload the files as well as quickly view them in the review tool by clicking on the “eye” icon next to it.
- In the Pending Tasks section, you can track and complete your active tasks.

Note: The assets with different names will be uploaded as separate files. To upload a new cycle, please, make sure that the asset’s name is the same.

Where to Find it:

Adobe Photoshop & Adobe Illustrator:

1. After installing the extension, restart Adobe Photoshop and/or Adobe Illustrator
2. Go to: Window > Extensions > Approval Studio

Important: Even though the extension itself is free of charge, it is an addition to the Approval Studio tool. You need to have a Pro or Enterprise account and a stable internet connection to be able to use it. The extension uses the Approval Studio API and doesn’t work offline.

Support:

- Adobe Photoshop 2020 and higher
- Adobe Illustrator 2020 and higher
- macOS & Windows
